

A.R. Life Sciences Pvt. Ltd

SAFETY POLICY

A.R. Life Sciences Pvt. Ltd. is committed to providing a safe and healthy work environment to its employees, contract workers, contractors and visitors. ARLS seeks to achieve its aim of preventing work related illness and injuries for all its employees, contract workers, contractors and visitors by:

- ❖ Complying with applicable Occupation Health & Safety (OHS) legislation and other requirements
- ❖ Identifying and eliminating or controlling OHS Hazards commensurate with the level of risk
- ❖ Providing maintaining and monitoring adequate resources and systems to ensure OHS at the workplace
- ❖ Providing system for monitoring, and maintaining OHS information and records.
- ❖ Providing instructions, training and supervision to improve individuals understandings of workplace hazards, including safe work practices and emergency procedures
- ❖ Communicating and consulting on OHS to enable resolution of health and safety issues through established consultative mechanisms
- ❖ Establishing measurable OHS objectives and targets
- ❖ Evaluating working conditions and monitoring OHS performance.

All managers and supervisors are responsible and accountable for the safety of employees, contract workers, contractors and visitors under their control. Managers and supervisors are responsible for ensuring all regulations, procedures and safe work practices are followed at all times.
